

NATURIST LEGACY PARK NUDIST ETIQUETTE FOR VISITORS

In general, the same common-sense guidelines for behaviour apply in the nudist world as in the clothed world. Be polite and respect the rights of others.

- Gawking is impolite. It's okay to look but always rude to stare.
- For sanitary reasons, always sit on a towel.
- Don't stray into areas that can be seen by the public. Nudists are not trying to offend anyone.
- Abide by all posted rules.
- Don't engage in overt sexual activity — ever.
- Respect the privacy and "space" of others. It's good to be friendly, but take your cues from the responses and body language of people you meet.
- Smokers agree not to smoke within 9 metres (30 feet) of common areas (defined as the washrooms, showers, fenced pool area, clubhouse, volleyball and bocce courts). Always be considerate of non-smokers.
- Alcoholic beverages are permitted in moderation.
- If you bring your smart phone or other photo-capable devices with you, please be aware that photography is highly restricted at the park.
- Children are the sole responsibility of their parents and must be under their direct supervision **at all times**.
- Respect the property of others.
- If you don't know about something, ask someone who does. Don't "assume." Never engage in any behaviour that will require an apology.
- Speak to management if anyone does anything that makes you feel uncomfortable.

Please refer to Naturist Legacy Park's Standards And Policies document for all of our rules. It can be accessed at http://naturistlegacy.org/docs/membership/NLI_Standards_And_Policies.pdf.
